Independent Auditor's Report

Board of Directors G.T. Jeffers & Company. LLC 101 Plaza Real South Boca Raton, FL 33432

I have audited the accompanyir g statement of financial condition of G.T. Jetters & Company, LLC as of December 31, 2006, and the related statements of income, changes in stockholder's equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended. These financial statements are the responsibility of management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for our opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of G.T. Jetters & Company, LLC. as of December 31, 2006 and the results of operations and cash flows for the year then ended in conformity with generally accepted accounting principles.

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

# Independent Auditor's Report on Internal Control Required by SEC Rule 17a-5

Board of Directors G.T. Jeffiers & Company. LLC 101 Plaza Real South Boca Raton, FL 33432

In planning and performing my audit of the financial statements of G.T. Jeffers, LLC for the year ended December 31, 2006, I considered the internal control structure, including procedures for safeguarding securities, in order to determine my auditing procedures for the purpose of expressing my opinion on the consolidated financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5 (g) (1) of the Securities and Exchange Commission, I have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by Stock Depot, Inc. that I considered relevant to the objectives stated in rule 17a-5 (g), (1) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3 (a) (11) and the reserves required by rule 15c3-3 (e); (2) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13; (3) in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System; and (4) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control to assess whether those practices and procedures can be expected to achieve the Commission's above - mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and the transactions are executed in

accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5 (g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities my occur and not be detected. Also projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weakness under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that error or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters involving the internal control structure, including procedures for safeguarding securities, that I consider to be material weaknesses as defined above.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purpose in accordance with the Securities Exchanges Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy of such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate at December 31, 2006 to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, The New York Stock Exchange and other regulatory agencies which rely on Rule 17a-5 (g) under the Securities Exchange Act of 1934 and should not be used for any other purposes.

### G.T. Jeffers & Company, LLC Notes to Financial Statements December 31,2006

#### Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Description of Business and Organization

G.T. Jeffers & Company, LLC (the company) is a broker-dealer specializing in mutual funds and annuities. The Company commenced broker-dealer operations in October 1998 in the State of Florida. The Company acts primarily in an agency capacity, buying and selling for its customers and charging a commission and is also engaged in principal trading of securities for its own account on a risk-less basis, where purchases and sales are matched prior to execution of the trade.

#### Government and Other Regulation

The Company's business is subject to significant regulation by various governmental agencies and self-regulatory organizations. Such regulation includes, among other things, periodic examinations by these regulatory bodies to determine whether the Company is conducting and reporting its operations in accordance with the requirements of these organizations.

#### Securities and Transactions

Securities transactions and related commissions are reported on a trade date basis.

#### Income Taxes

The Company is not subject to income taxes as it is a disregarded entity for income tax purposes as a single member limited liability company, whose operations are reflected in the tax return of the Company match.

#### Employee Benefit Plan

On November 1, 1999, the Company adopted a 401 (k) plan for eligible employees, which has been approved by the Injernal Revenue Services. Under the terms of the Plan, there is no Company match.

#### Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.
